Sizzix™ Making Essential — Ink Pad & Acrylic Block (663006)
PVA Glue
White Cardstock
Stamp or Printed Sentiment

How to make:

1. Begin by folding a sheet of A4 yellow cardstock in half and cutting to your preferred size.
2. Cut a smaller square of white cardstock and add your stamped sentiment using Sizzix black stamping ink and stamping block. If you are printing your sentiment, print on a sheet of white card and cut a square around it.
3. Die-cut the elements from the Funky Wreath die set in your chosen colors. Also cut some flowers from your chosen flower die.
4. Using foam tape, stick the smaller white square of card onto your yellow card.
5. Stick on your wreath and flowers using PVA glue.
